Agreement to acquire ready-mix concrete operations by INTERBETON

The agreement strengthens TITAN Group's vertical integration and expands INTERBETON's presence in the growing Attica market

INTERBETON Building Materials S.A., a member of TITAN Group, announces the signing of an agreement to acquire the company "ANGELOS V. PEPPAS A.B.E.E." and its subsidiary "PEPPAS BETON A.B.E.E.".

The agreement is aligned with the Group's strategy for growth and further vertical integration in its core markets. It will strengthen INTERBETON's ready-mix concrete network in Attica with the addition of three production plants, broadening its geographic coverage and bringing it closer to customers.

The agreement is subject to approval by the Hellenic Competition Commission. A new announcement will follow upon completion of the transaction.

Sergio Sarafopoulos, General Manager TITAN Greece, stated: *"We are proceeding with a strategic investment for INTERBETON and TITAN Group. The proposed acquisition will expand our presence in the growing Attica market, supporting major infrastructure, commercial and residential development projects. This agreement adds to our investments in vertically integrating our operations over the past three years, strengthening our supply chain across the country."*

About INTERBETON

INTERBETON Building Materials S.A. is TITAN Group's vertically integrated business in Greece, engaged in the production and trading of ready-mix concrete and quarry products, as well as the extraction of industrial minerals. Since 1977, it has offered advanced construction solutions with innovative products and services, operating responsibly towards its customers, its partners and society at large. It operates 34 ready-mix concrete plants and 16 quarries and mines, as well as the largest fleet of concrete transport and pump vehicles. For more information, visit our website at www.interbeton.gr

About TITAN Group

TITAN Group is a Belgium-registered company and a leading international business in the building and infrastructure materials industry, with passionate teams committed to providing innovative solutions for a better world.
